Message from the Minister of Interior

I am very pleased to congratulate Khun Suchon Charmpoonod and the staff at Amarin Lagoon Hotel on the occasion of its grand opening.

The Amarin Lagoon Hotel is the brainchild of Khun Suchon who is a well respected member of parliament for Phitsanulok Province. As the founder of Phitsanulok's very first hotel, the Amarin Nakhorn Hotel, Khun Suchon has brought much experience to this new project. The excellent accommodation and conference facilities ensure that the Amarin Lagoon Hotel will play an important role, in terms of both business and tourism to the province.

On this auspicious occasion, I wish the Amarin Lagoon Hotel every success.

S. Kajornprasart

Maj. Gen. Sanan Kajornprasart

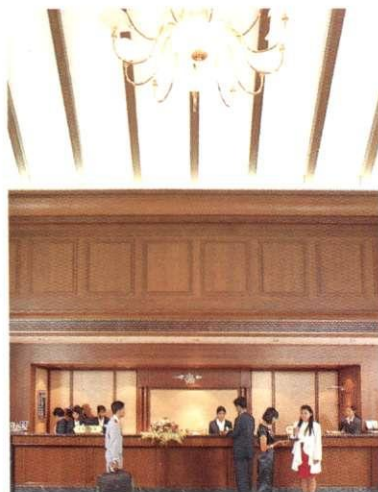

Amarin Lagoon Hotel

Phitsanulok is fast becoming an important centre for both business and tourism. Located in the north of Thailand's central plain, the city is often referred to as the gateway to the north and the northeast. Phitsanulok has become a convenient base for travel, either to the nearby historical sites at Sukhothai, Kamphaeng Phet and Si Satchanalai, or further to Mae Sot, Chiang Mai, Loei, Udon Thani and Nong Khai.

The increasing dynamism of Phitsanulok has created demand for improved business facilities as well as for quality accommodation to cater to both tourism and business. The Amarin Lagoon Hotel fulfills all these needs by providing five-star hotel accommodation and an excellent convention centre on one spacious and pleasant location. For either business or pleasure, the Amarin Lagoon Hotel is the ideal starting point for a visit to Phitsanulok.

The Amarin Lagoon Hotel is a spaciouly laid out complex on 60 rai of land, within easy reach of the town centre and the airport. The principle buildings in the complex are the six-floor hotel building, a convention centre which at 3,000 square metres is Phitsanulok's largest, and the to class Arunikka restaurant. These are well spaced within the beautifully landscaped grounds.

Message from the Former Prime Minister and Leader of Chart Pattana Party

Phitsanulok Province is one of Thailand's foremost tourist destinations with great international potential. The tourism industry in the province has developed and grown rapidly. Phitsanulok is the gateway, in terms of both the tourism business and communications, to the provinces of the North and Northeast.

The Amarin Lagoon Hotel will serve to provide accommodation for both foreign and Thai tourists. However, the public investment also strengthens the local economy by attracting a high quality and quantity of tourism. This will contribute to the income of the region as well as create job opportunities.

On the auspicious occasion of the official grand opening of the Amarin Lagoon Hotel, I would like to congratulate and extend my best wishes to the management and staff of the hotel. I hope they will be successful in further promoting tourism and therefore economic development in the province in the years to come.

Chatichai Choonhavan

Gen. Chatichai Choonhavan

Accommodation

The 305-room hotel offers a choice between Standard, Superior and Deluxe rooms and Junior and VIP suites. All accommodation is air conditioned with an individual thermostat and control in each room. Every room has a TV receiving cable and satellite television as well as the hotel's in house video service. Other modern amenities include a refrigerator and a fully stocked mini bar.

Dining

The Laguna Cafe on the ground floor of the hotel allows for all day dining in casual surroundings. The a la carte menu lists a wide range of international and Thai dishes along with quick snacks and light refreshments.

The sound of live soft music creates a relaxed atmosphere in the **Lobby Lounge** where evenings can be spent enjoying tea, coffee and cocktails.

Nestling in the hotel's beautiful gardens, the **Arunikka Restaurant** serves up a tasty selection of authentic Thai, Chinese and Vietnamese cuisine. In the evenings entertainment is provided by talented musicians to add further atmosphere to this elegantly designed restaurant.

Facilities & Entertainment

The hotel's large pool provides the opportunity for exercise and a refuge from the heat. A children's pool area means this is a perfect place for young families. Snacks and drinks are available at the poolside.

The Health and Fitness Centre is the place to go for more strenuous exercise or special treatments. Well qualified beauticians staff the beauty salon which provides traditional Thai massage in addition to facial treatments, manicures and pedicures. A work out in the well equipped gymnasium and aerobics hall or a game on one of the two floodlit tennis courts can be followed by relaxation in the hotel's steam room and sauna.

The Amarin Lagoon Convention centre is the largest of its kind in Phitsanulok. It is a popular location for private sector or governmental seminars, weddings and banquets. All the halls are equipped with excellent visual and oral presentation facilities. The convention centre grouped with the hotel's services and hospitality arrangements make Amarin Lagoon the ideal place for any function.

Additional Services include a free transfer service between Phitsanulok airport and the hotel, shuttle bus service to and from the centre of town, baby-sitting service, laundry and valet service, car rental and safety deposit box.
